

Mounika Sammiti

UX | UI Designer

"I'm a Creative and empathetic **UX Designer** with a passion for creating purposeful and viable designs. Also leveraging a background in film-making to capture user sensibility and apply it to become a **brand designer**. I'm seeking opportunities to contribute my skills and experience in designing innovative projects."

Experience

UX DESIGNER

Engineers Without Borders - Los Angeles Chapter, Jul 2023 - Present

Web Redesign Project:

- Spearheaded the redesign of the company's website for both desktop and mobile platforms.
- Implemented a user-centered design approach, utilizing the UX process to enhance overall user experience.

International Storytelling Project:

- Collaborated with Engineers Without Borders on a storytelling project in Guatemala in December 2023.
- Captured compelling narratives through various mediums to showcase the organization's impact and initiatives.

UX DESIGNER

HIERR, General Assembly, Feb 2023 - Mar 2023

Digital Engagement Project with State of Hawaii:

- Collaborated with the State of Hawaii Office of Planning & Sustainable Development on a pivotal project aimed at shaping Hawaii's economic future.
- Developed and implemented a digital engagement process to gather resident sentiments on vision and value statements.
- Utilized strong quantitative and qualitative user research methodologies to inform decision-making throughout the project.

UX Design and Flow Optimization:

- Worked within a team to determine and implement optimal UX design and flow for both in-person and self-guided engagement methods.
- Ensured a seamless user experience through surveys and online discussion boards, enhancing overall participation and feedback collection.

ASSISTANT PRODUCER

Indo-American Motion Pictures, Jan 2015 - Aug 2019

Key Role in Film Production Success:

- Played a pivotal role in the success of film production by providing critical assistance to the team, artists, and crew.
- Ensured seamless operations for every department, contributing to the timely and budgeted delivery of the project.

Resource Management:

- Facilitated smooth workflows by ensuring that each department had the necessary resources to operate efficiently.
- Managed logistical aspects to guarantee the availability of equipment, personnel, and materials needed for the production.

Recognition and Achievement:

- Acknowledged for contributions to excellence in film production by receiving the "Best Film" award at FOG 2015.
- Demonstrated a commitment to delivering high-quality work that stood out in the industry.
- Project Trailer - <https://youtu.be/6YON-h9Y83E> ("Dheeyan Marjania" A film about India's daughters.)
